ETALON

PLANT & SCAFFOLDING

Case Study: **Mothercare Watford**

Trade: Scaffold
Client: Xone Kontrol Ltd
Value: £390 K
Duration: 2 Years

Scope of Works:

This endeavour involved the development of 145 apartments in the heart of Watford. The scope of this project encompassed several critical tasks, including the detailed design of scaffold ties, as well as the installation and dismantling of scaffolding structures. Additionally, our team undertook the design and erection of loading bays to support efficient material handling operations. Furthermore, we executed a progressive installation and removal of monarflex, ensuring the seamless integration of weather protection measures throughout the project duration. Etalon Group's commitment to excellence and meticulous attention to detail have contributed to the safe and efficient execution of this project, meeting the unique requirements of the Mothercare flats in Watford.

ETALON
PLANT & SCAFFOLDING

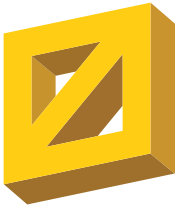

Case Study: **Beam Park Phase 2**

Trade: Scaffold
Client: Alanadale Plant & Scaffolding Ltd
Value: £4,2 M
Duration: 1 Year

Scope of Works:

Phase 2 of Beam Park project involved the provision of specialised labour and material supply for the installation and dismantling of scaffolding, along with associated access works, for the traditional build of 15 terraces and 5 blocks. Etalon Group deployed a team of highly skilled and certified scaffolding professionals who meticulously erected and dismantled scaffolding structures, adhering to strict safety standards and regulations.

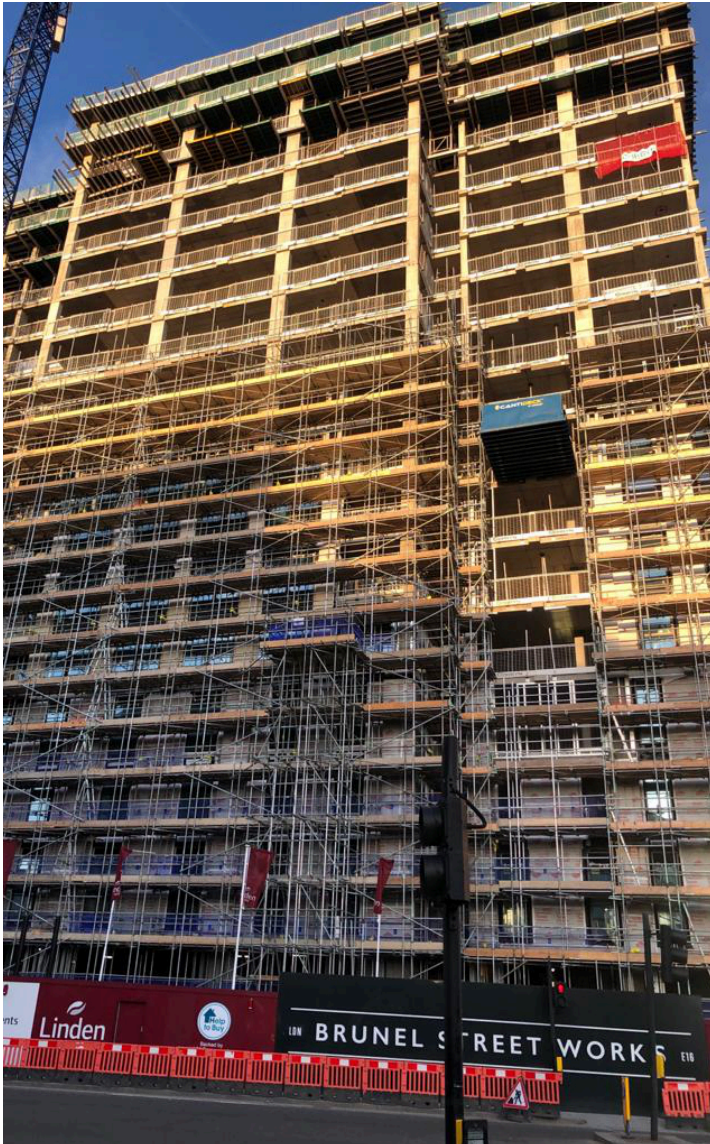

ETALON
PLANT & SCAFFOLDING

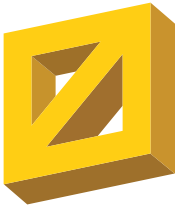

Case Study: **Brunel Street**

Trade: Scaffold
Client: Alanadale Plant & Scaffolding Ltd
Value: £1,2 M
Duration: 2 Years

Scope of Works:

Etalon Group has successfully completed the Brunel Street scaffolding project encompassing two blocks, A and B. This project included a comprehensive scope of works comprising external access scaffold, inside double handrails, debris netting, hoist run-off towers, system staircase, and protection fans. With meticulous planning and execution, we ensured the seamless integration of these essential components to facilitate safe and efficient construction operations. From providing secure pathways for personnel and materials with external access scaffold to implementing stringent safety measures like inside double handrails, our team prioritised adherence to industry standards and regulations.

ETALON
PLANT & SCAFFOLDING

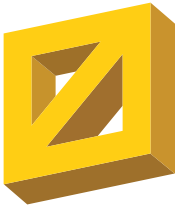

Case Study: **Victoria Station**

Trade: Scaffold
Client: Staticus UAB
Value: £58 K
Duration: 3 Months

Scope of Works:

Etalon Group Ltd has contributed to the safe and efficient execution of maintenance and construction activities at Victoria Coach Station. We delivered high quality scaffolding material, compliant with industry standards, and supplied experienced scaffolding personnel. The scaffolding structures were erected in accordance with design specifications, safety regulations, and best practices. Etalon Group assured the provision of safe platform to facilitate the operatives' movements, as well as regular inspections of scaffolding throughout the project duration. Upon scaffolding dismantle, the materials were disposed and returned properly as per contractual agreements.

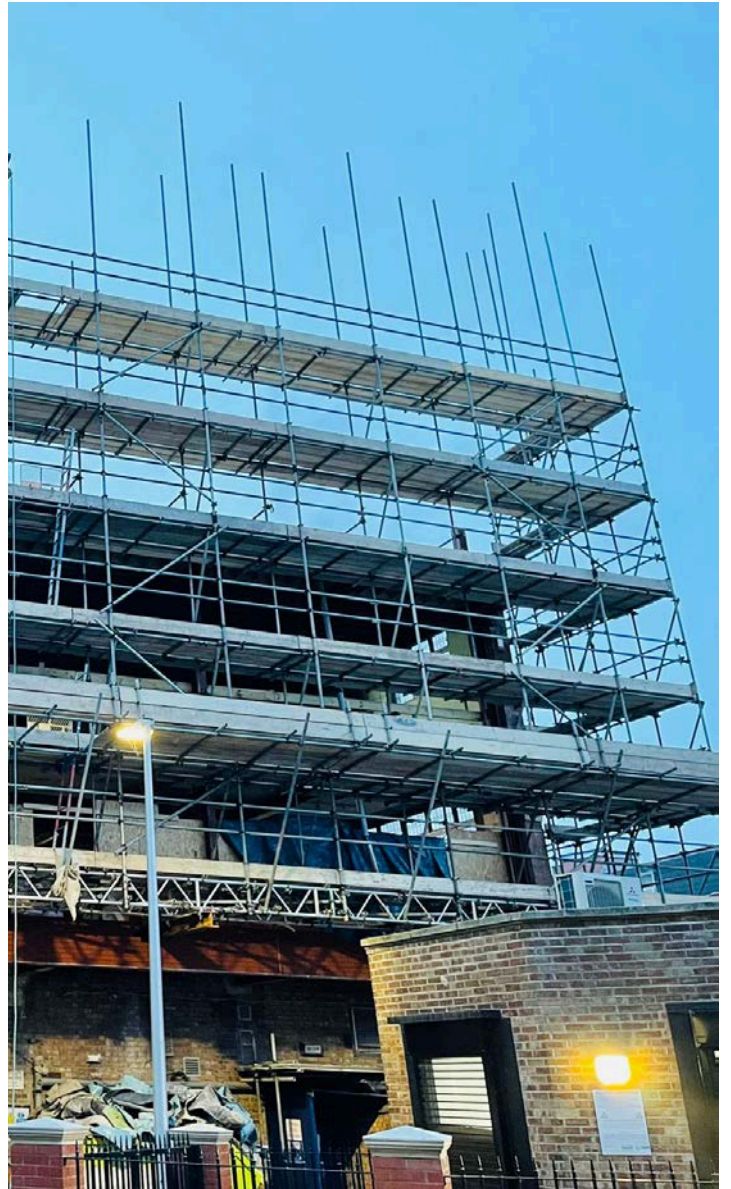

ETALON
PLANT & SCAFFOLDING

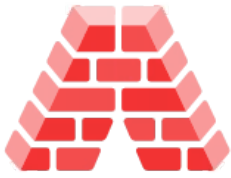

Case Study: **Hotel Godino**

Trade: Scaffold
Client: Godino Estates Ltd
Value: £125 K
Duration: 8 Months

Scope of Works:

Etalon Group has played a pivotal role in ensuring the safety and effectiveness of maintenance and construction operations at Hotel Godino. Our contribution involved providing top-tier scaffolding materials that met industry standards and supplying skilled scaffolding personnel. The erection of scaffolding structures was meticulously carried out, adhering closely to design specifications, safety protocols, and industry best practices. We prioritised the creation of secure platforms to facilitate the movement of workers, coupled with regular inspections of scaffolding integrity throughout the project timeline.

ETALON
BRICKWORKS

Case Study: Ilderton Road, Southwark

Trade: Brickwork

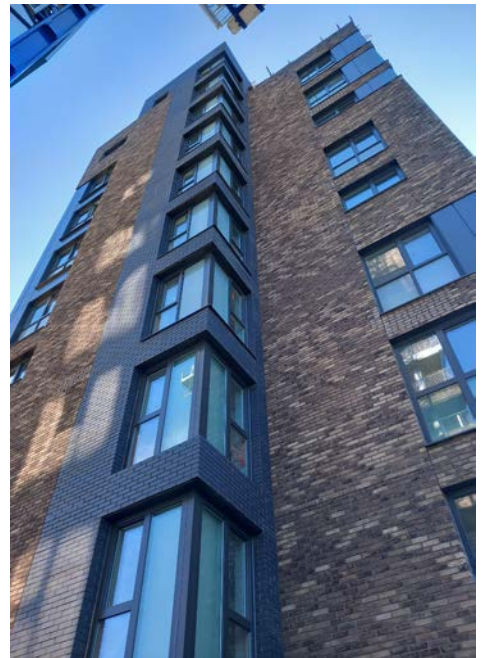

Client: HG Construction Ltd

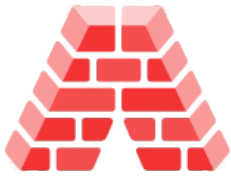

Value: £2,1 M

Duration: 1 Year

Scope of Works:

This ambitious endeavour involved the development of 250 bed student accommodations, 58 residential units spread across 15 and 13-story buildings, and a spacious 1500 square meters of commercial space. Throughout the project, Etalon Group supplied a proficient team of qualified bricklayers and labourers dedicated to executing the brickwork with precision and expertise. Our commitment to excellence ensured the seamless integration of quality craftsmanship into every aspect of the development, contributing to the creation of a vibrant and modern urban landscape. This achievement underscores Etalon Group's unwavering dedication to delivering superior construction solutions tailored to meet the diverse needs of our clients and communities.

ETALON
BRICKWORKS

Case Study: **Reardon Court**

Trade: Brickwork

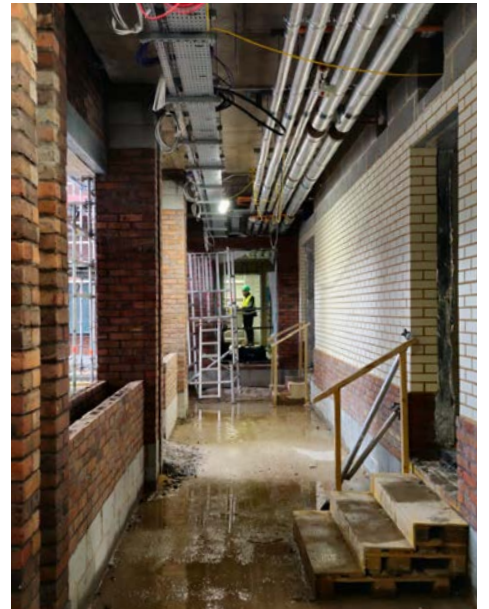

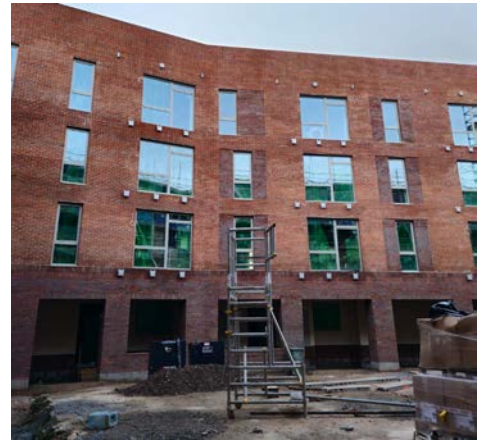

Client: Graham Group

Value: £1,2 M

Duration: 11 Months

Scope of Works:

Etalon Group is proud to announce the successful completion of the brickwork project at Care House, located in Reardon Court, Enfield. The project scope involved the development of 70 brand new accessible flats for rent, complete with communal facilities. Etalon Group supplied a highly skilled and qualified labour force to ensure the timely and precise execution of the project. Our dedicated team's expertise in brickwork construction has contributed to the creation of high-quality living spaces that meet the needs of residents while adhering to industry standards and regulations. The completion of this project underscores Etalon Group's commitment to excellence in delivering tailored solutions for residential developments, ensuring comfort, accessibility, and quality of life for future occupants at Care House, Reardon Court, Enfield.

ETALON
LOGISTICS

Case Study: Reardon Court

Trade: Insulation

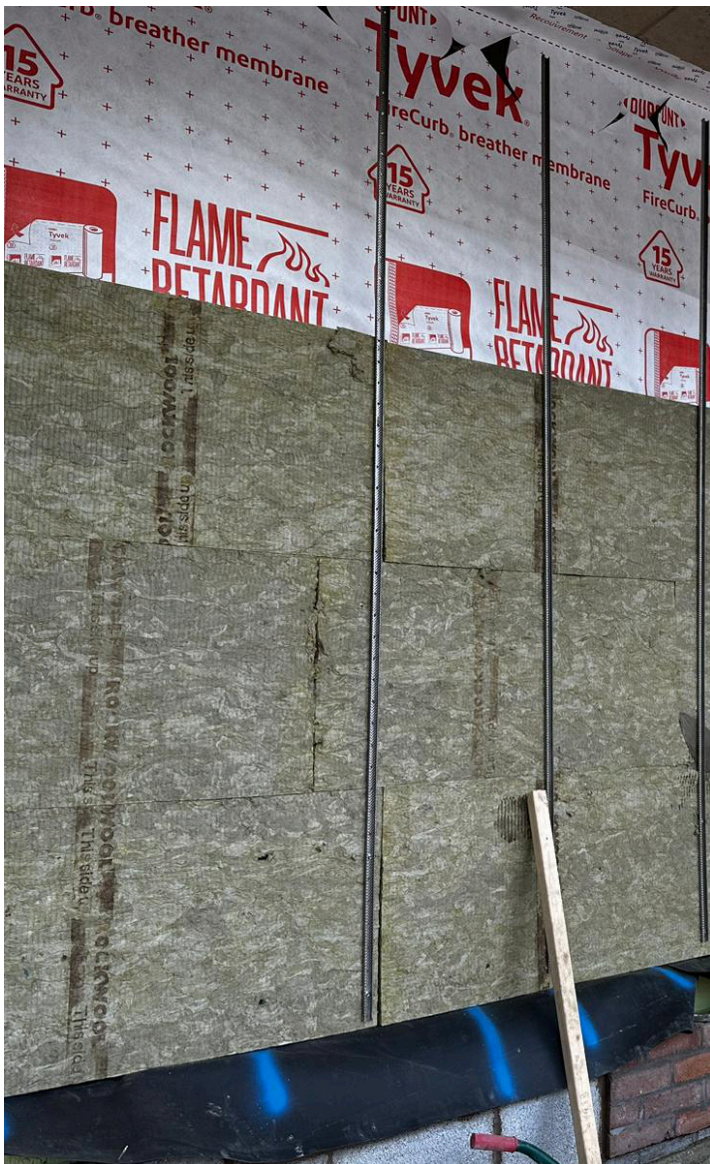

Client: Graham Group

Value: £60 K

Duration: 3 Months

Scope of Works:

This comprehensive project involved the installation of over 4,000 sqm. of insulation with a cavity width of 230 mm, ensuring optimal thermal efficiency and building performance. Additionally, more than 200 sqm. of stainless-steel channel were meticulously placed to enhance structural integrity. Besides this, Etalon Group has successfully deployed around 4,300 sqm. of fire barrier spiked to bolster fire safety measures, ensuring the utmost security for the future residents and the property. Reardon Court can now benefit from enhanced thermal performance, structural resilience, and fire protection, contributing to a comfortable and secure living environment for its future occupants.
